

The New RTA Claims Process

Course Introduction

Streamlining has been the hot topic on everyone's lips for the last 2 years and we are delighted to offer this brand new course to allow you to familiarise yourself with the New Process, the forms that will be used and all of intricacies of this new way of dealing with RTA claims. The Rules Committee and the Government have still to sign off on certain aspects of the process, so we will be ensuring that we have all of the details set in stone prior to delivering our sessions.

MASS is the only specialist RTA PI organisation that has been so closely involved with this process right from the start. John Spencer and Janet Tilley were engaged in all stages of the negotiations and both were closely involved in over-seeing the content of this course. With practising solicitors delivering the sessions for us, we know our course should be your first and only choice!

As with all of our courses, these sessions will be delivered in a practical and interactive way, with lots of opportunity to actually utilise the new forms and get a real feel for how the process will work in reality.

Course Outline

- Overview of the staged process
- Stage One – Claim Form
- Stage Two – Settlement Pack
- Stage Three – Dispute on Quantum
- Child Claims
- Costs
- MIB Claims
- IT Platform
