

Informing Progress - Shaping the Future

FOIL Update 17th April 2023

Department of Work and Pensions Circular

The information below has been received from the DWP

1. The NHS Injury Cost Recovery (ICR) Scheme – Annual Increase in the Tariff and Ceiling on Charges.

The Compensation Recovery Unit, on behalf of the Department of Health and Social Care (DHSC), currently administers the above scheme, which allows for the recovery of National Health Service (NHS) costs following injuries where people claim and receive personal injury compensation.

The tariff and ceiling on charges (cap) payable by Compensators for the recovery of NHS treatment and ambulance charges under the NHS Injury Cost Recovery scheme will increase from 1st April 2024. The increases will apply only to injuries sustained on or after this date.

This uplift in the level of charges is an annual event to reflect Hospital and Community Health Services inflation.

Scotland will also lay regulations to increase the tariff and ceiling of charges in line with England and Wales both in terms of amounts and implementation date.

2. Jersey and Guernsey Motor Traffic Costs Recovery

Jersey Health and Social Services Division (Jersey HSSD) and States of Guernsey (acting by and through the Committee for Health and Social Care) will also increase their tariff and ceiling of cap charges, in line with the DHSC NHS ICR scheme.

3. Tariff charges: England, Scotland, Wales, Jersey and Guernsey

The following tables can be used as a quick reference guide:
