

Partnerships and collaboration are essential in today's interconnected world, driving innovation and success across various fields. These also serve to build trust and mutual respect.

It is with these objectives firmly in mind, that FOIL and 39 Essex Chambers celebrate a decade of working together.

39 Essex Chambers' London office has provided a prestigious and convenient venue for FOIL events. Contributions from Counsel have enriched and enlightened FOIL events with high-quality insights and expertise.

Our long-standing partnership has brought numerous benefits beyond event support. It has fostered a strong network of legal professionals, enhancing knowledge sharing and teamwork within the industry.

The partnership has also strengthened FOIL's own reputation, confirming our long-term commitment to excellence and collaboration in the legal and insurance sectors.
